

# HOME AUTOMATION SOLUTION

## HOW CAN YOU PROTECT YOUR LOVED ONES?

LILIN is your trusted all in one home security system that is integrated with your favorite home automation partners such as RTI, URC, Crestron, Control 4 and many more. Protect your home by using LILIN cameras for theft prevention, and 24/7 clear view.

### THEFT PREVENTION

P2 Series cameras with IVS 2.2 license detect humans and vehicles on your premises and alarm you to notify law enforcement to protect your home. Cameras have two way audio function to communicate with potential intruders and to ward them off premises. LILIN cameras with IVS 2.2 license identify moving objects and people during specific times to prevent loitering.

### CLEAR VIEW 24/7

VIVIDKNIGHT cameras provides 24/7 full color, meaning that you can view color images even in total darkness, giving you better protection against intruders. Color images will provide you with the ability to describe distinguishing characteristics of intruders to law enforcement. For example, what colors the intruder was wearing or what color their hair is.

### ALL IN ONE SOLUTION

LILIN cameras are compatible with your favorite home automation partners like RTI, URC, Crestron, Savant, Immix, Control 4, and ELAN. Home automation integration provides many functions such as smart panel access to multiple LILIN cameras, access control, intercoms and much more.

# HOME AUTOMATION APPLICATIONS

1

## LILIN HOME APP

Use LILIN Home App to remotely access live video and recordings from LILIN NAVs, VMS, NVRs, and cameras. Get alerts and notifications about intruders in a timely manner to notify law enforcement to protect your home and family.

2

## VIVIDKNIGHT BULLET CAMERA | E6W9182A

VIVIDKNIGHT Camera provides 24/7 full color surveillance making it easy to surveil your property during night time. Full color allows you to see color images in total darkness and to identify any distinguishing characteristics of intruders.

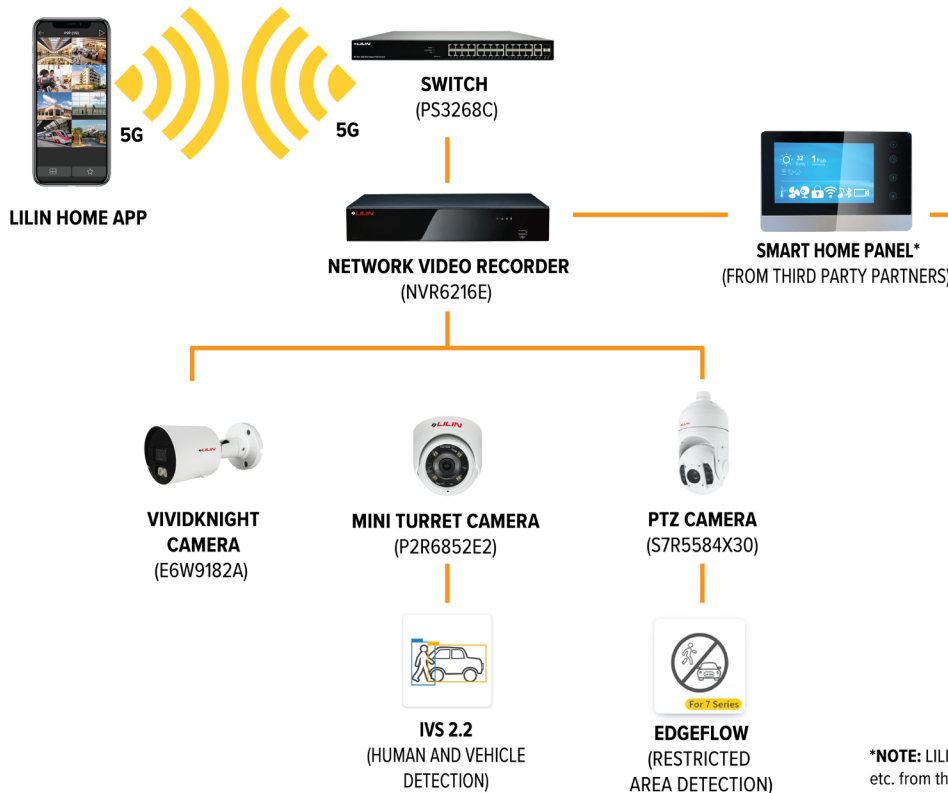

3

## 16 CH POE 4K STANDALONE NETWORK VIDEO RECORDER | NVR6216E

Network video recorder shows camera footage with up to 16 channels. NVR records 24/7 with up to 4 years of continuous recording. NVR can be installed with up to 16 TB HDD storage.
