

CANNABIS SOLUTION

HOW CAN YOU PROTECT YOUR PRODUCT FROM CULTIVATING TO DISPENSARY?

LILIN provides a one stop shop for all your security needs from cultivating to dispensary. LILIN network video recorders and cameras have 24/7 continuous recording for 4 years protecting your products day and night.

SECURE PRODUCT TRANSPORTATION

Protect your products on the go with LILIN's mobile solution. LILIN mobile network video recorders and cameras surveil 24/7 with GPS providing day and night package tracking. Mini turret cameras and pancake cameras are great for ensuring product safety from warehouse to dispensary.

GREENHOUSE + DISPENSARY PROTECTION

LILIN cameras have 24/7 continuous recording for 4 years for grow room protection. LILIN lowers labor costs with TV wall server allowing users to watch multiple channels. 7 Series cameras with EDGE AIDA licenses detect license plates (EDGELPR), color and car make (EDGE CARMAKE), and detect human and vehicles on premises (EDGEFLOW) for your protection. An I/O box paired with a 7 Series camera and an EDGE AIDA license controls gate to allow or blacklist vehicles' entries.

THEFT PREVENTION

VIVIDKNIGHT cameras show 24/7 full color making it easier to surveil during night time in grow rooms and warehouses. Fisheye cameras provide 360 detection covering all angles for optimal protection. PTZ cameras detect movement after hours and alert staff of suspicious activities. LILIN AI technology can set up detection zones to alert staff and prevent theft.

CANNABIS APPLICATIONS

1

FISHEYE CAMERA | F2R36C2IM

Fisheye camera provides 360 detection covering all angles for surveillance in grow rooms, warehouses and dispensaries.

2

MOBILE NVR | NVR408M

Mobile NVR provides you with 24/7 continuous footage recording during product transportation.

PANCAKE CAMERA | P6R3782E2

The Pancake camera's low profile shape allows the camera be hidden within the vehicle giving you covert security.

3

STARVIS 4K P-IRIS AUTO FOCUS IR AI SMART IP CAMERA | Z7R8182X3-P

LILIN Smart IP cameras paired with EDGE AIDA licenses detect license plate (EDGE LPR), car color, and car make (EDGE CARMAKE) to surveil car entry to facility.

4

VIVIDKNIGHT TURRET CAMERA | E6W9282AX

VIVIDKNIGHT Camera provides 24/7 full color surveillance making it easy to surveil dispensaries during the night time. Full color allows you to see color images even in total darkness.
